1. Reminder of employee contribution rates from 1 April 2021

Circular 01/2021 advised employers of the revised employee pensionable pay ranges for contributions for 2021/22. The employee contribution rates are set out in Table 1. Please ensure that these rates and ranges are used when assessing individual contribution rates on actual pensionable pay (and not full-time equivalent) for your employees.

Table 1 - Employee contribution rates from 1 April 2021

Band	Pensionable Pay Range	Contribution Rate Main section	Contribution Rate 50/50 section
1	£0 to £15,000	5.5%	2.75%
2	£15,001 to £23,000	5.8%	2.90%
3	£23,001 to £38,400	6.5%	3.25%
4	£38,401 to £46,600	6.8%	3.40%
5	£46,601 to £92,300	8.5%	4.25%
6	More than £92,300	10.5%	5.25%

We understand that the Coronavirus Job Retention Scheme has been extended until 30 September 2021. You should take into account any reduction in pay as a result of an employee being in a support scheme and can reallocate to a different band later in the year, if and when pay returns to the full amount.

2. Employers' Contribution Rates for 2021/22

The Fund is valued every three years by the Fund's actuary. As part of the March 2019 valuation, the actuary certified the employers' contribution rates for the three years from 1 April 2020. Most employers participate in the main group with a pooled employers' contribution rate. The contribution rates for those employers in the main group for the three-year period are set out in Table 2.

Table 2 - Employers' contribution rates from 1 April 2020 to 31 March 2021

	1 April 2020 – 31 March 2021	1 April 2021 – 31 March 2022	1 April 2022 – 31 March 2023
Future service rate as a percentage of payroll	19.5%	19.5%	19.5%

Those employers who are outside of the main group were separately advised of their individual rates and deficit recovery contributions, if applicable. If any employer is not certain of its contribution rate, they are stated on pages 57 – 71 of the [2019 Valuation Report](#).

The percentage employers' contributions and employees' contributions should be deducted through staff payroll and paid over to NILGOSC each month as normal. In addition, where applicable, the deficit recovery contributions for each year will be invoiced at the beginning of each financial year and should be remitted either as a lump sum at the beginning of the year or in twelve equal monthly instalments, with payment required in full by the end of the financial year (31 March).

3. National Insurance contribution rates that apply from 6 April 2021

The National Insurance limits and thresholds for 2021/22 are listed in Table 3.

Table 3 - Class 1 National Insurance Thresholds

From 6 April 2021	Lower Earnings Limit	Primary Threshold	Secondary Threshold	Upper Earnings Limit
Weekly	£120	£184	£170	£967
Monthly	£520	£797	£737	£4,189
Yearly	£6,240	£9,568	£8,840	£50,270

4. Earnings bands applicable for automatic enrolment from 6 April 2021

The Automatic Enrolment (Earnings Trigger and Qualifying Earnings Band) Order (Northern Ireland) 2021 (SRNI 2021/66) was made on 16 March 2021 and comes into operation on 6 April 2021. The earnings trigger of £10,000 remains unchanged. The automatic enrolment thresholds are set out in Table 4.

Table 4 - Automatic Enrolment earnings bands for 2021/22

Earnings	Age 16 - 21	Age 22 – <State Pension Age	State Pension Age - <75
Under lower earnings threshold (£6,240)	Entitled worker	Entitled worker	Entitled worker
Between £6,240 and £10,000	Non-eligible jobholder	Non-eligible jobholder	Non-eligible jobholder
Over earnings trigger for automatic enrolment (£10,000)	Non-eligible jobholder	Eligible jobholder	Non-eligible jobholder

The automatic enrolment earnings triggers for pay reference periods are listed in Table 5.

Table 5 - Automatic Enrolment earnings bands per period

Pay reference period	Lower earnings threshold per annum	Earnings trigger for automatic enrolment
Annual	£6,240	£10,000
6 months	£3,120	£4,998
3 months	£1,560	£2,499
1 month	£520	£833
4 weeks	£480	£768
2 weeks	£240	£384
1 week	£120	£192

5. Annual Revaluation Order for CARE pension accounts

At the end of each year, the Career Average Revalued Earnings (CARE) pension that has been built up in an active member's pension account gets revalued (at one second after midnight on 31 March 2021) by a revaluation adjustment based on the change in prices to the previous September. This year the revaluation adjustment is 0.5% and it will be applied to active members' pension accounts once the annual return posting exercise is complete. This is set out in The Public Service Pension Revaluation Order (Northern Ireland) 2021 (SRNI 2021/ 56) made on 9 March 2021 and operational from 1 April 2021.

6. Annual increase to be applied to pensions from 12 April 2021

Employers and those who pay their own annual compensation benefits (relating to historical awards of compensatory added years) should note that the increase to be applied from 12 April 2021 to qualifying pensions which began before 6 April 2020 will be 0.5%. The percentage and part year percentages will be set out in the Pensions Increase (Review) Order (Northern Ireland) 2021 made on 31 March 2021 and effective from 12 April 2021.

7. Annual Allowance and Lifetime Allowance limits for 2021/22

The standard annual allowance limit for 2021/22 is unchanged and remains at £40,000. There are no changes to tapered annual allowance limits, which only apply to very high earnings, and these are set out in Table 6.

In the Budget on 3 March 2021, the Chancellor announced that the lifetime allowance would be frozen at £1,073,100 until the end of the 2025/26 tax year.

Table 6 - Tapered annual allowance limits

	Definition	Limit in 2021/22
Threshold income	Taxable income	£200,000
Adjusted income	Threshold income plus pension input amount	£240,000
Minimum annual allowance	IF AA is tapered, the minimum AA that will apply.	£4,000

8. Revised limit for Additional Pension Contributions

The Department for Communities has confirmed that the limit for Additional Pension Contributions for the Scheme year beginning on 1 April 2021 has increased to £7,163. The revised limit applies to both members who are paying additional pension contributions and to employer awards of additional pension.

9. Statutory Redundancy payments

The Employment Rights (Increase of Limits) Order 2021 was made on 23 March 2021 and comes into operation on 6 April 2021. A week's pay for calculation of statutory redundancy is now capped at £566.

10. Annual Return submission reminder – DEADLINE 30 APRIL 2021

Further to Circular 02/2021 please remember that you must submit your annual return by the statutory deadline of 30 April 2021. Any late submissions will incur financial penalties. Please contact either Sean Harrison or Jacqueline Marner (Telephone: 0345 3197 325) if you need any assistance with completion of your annual return.

11. McCloud data template submission reminder – DEADLINE 30 JUNE 2021

Further to Circular 12/2020 NILGOSC issued templates to each employer to collect missing hours and service breaks for members within scope of the McCloud remedy. Please ensure that these are completed and returned by 30 June 2021.

12. New NILGOSC website

We are delighted that a new [NILGOSC website](#) went live on 24 March. We hope that employers will find it easier to use and search. Please do let the Communications Team (email to communications@nilgosc.org.uk) know if you have any issues or suggestions for improvements.

Please do not hesitate to contact the Pensions Development Team or myself if you have any queries regarding this circular.

Yours sincerely

Zena Kee
